

Reduced-cost memberships

To ensure all MOI visitors have the same opportunity for extra wonder and discovery, MOI is pleased to offer reduced-cost memberships to families in financial need. These are not a separate category of memberships – they are full memberships with full benefits.

Eligibility

Households with an income below the corresponding level on this table are eligible for a 50% discount on a general MOI membership (individual, dual, grandparents, or family level). MOI reserves the right to request income verification at any time during the membership term. These memberships will expire after 12 months and must be renewed manually each year to continue qualifying for the discount.

Claiming your discount

To claim your discount, add a membership to your cart and use the coupon code “**reducedmem**” at checkout. Reduced-cost memberships may also be purchased in person at the museum’s ticket counter.

Note to CEI students: If you qualify for this program, you may choose to use this instead of a student membership discount. The two discounts will not stack on top of each other. In either case, please enter your CEI student ID # during the checkout process.
